To maintain an uninterrupted ability to provide statewide services and solutions, an additional position is needed to support and cross train with the current Deputy Commissioner of Administration who also serves as OA's General Counsel. This position will assume some administrative duties and supervision of several team members while assisting with setting strategy and direction for OA's divisions. The requested salary for this position is considered comparable with other positions with a similar level of responsibility and expertise. E&E funding is needed for one-time costs associated with office and computer equipment, as well as ongoing program and software licensing, training and professional development.

## Prescription Drug Monitoring Program Section 5.005

Page 65

The Prescription Drug Monitoring Program (PDMP) was established through new legislation during the 2021 regular session for the purpose of overseeing the collection and use of patient dispensation information for prescribed controlled substances.

Legal Base:

Funding Source: General Revenue

FY 2023 Withholding: None

**Budget Unit: 30210C** 

## **CORE ADJUSTMENTS:**

**DEPARTMENT:** 

Core reallocation in:

\$734,900 (\$545,000 GR EE and \$189,900 GR PS) and 2.00 FTE reallocated PDMP funding to its own section

**GOVERNOR:** 

No additional core changes

**HOUSE:** 

Core reduction:

(\$734,900) (\$545,000 GR EE and \$189,900 GR PS) and (2.00) FTE reduced. New decision item switches funding from GR to Opioid Treatment and Recovery

(0705)

In FY23, a portion of the funding budgeted for Prescription Drug Monitoring was budgeted as one-time funding to cover start up costs for the program. With a contract to a vendor in place, this authority is now to cover the additional on-going costs in FY24. An Administrative Support Professional position is also being requested to help support the office when the program is up and running including answering calls, training, helping providers register in the system, resetting passwords etc.

#### **Electronic Monitoring Pilot** Section 5.010

Page 76

For a statewide electronic monitoring pilot program. The program's objective is to monitor individuals subject to pre-conviction or post-conviction through a check-in system that the supervising agency or circuit can access through a secure web-based platform. The program should also establish exclusion zones and compliance levels through the platform and generate reports with relevant information for individuals monitored through an industry standard end to end encryption and redundant back-up data.

#### **Division of Accounting** Section 5.015

Page 81

The Division of Accounting provides a central payroll processing function, central accounting services, and statewide financial reporting function. The division also prepares and distributes comprehensive, accurate and timely financial reports. The division is responsible for monitoring and oversight of the employee benefits programs; providing support and oversight for issuance of debt; statewide expenditure review; and oversight of all Office of Administration payments. The division also is responsible for the administration of social security coverage for state and political subdivision employees.

## Division of Budget and Planning **Operating** Section 5.020

Page 104

The Division of Budget and Planning provides technical assistance to agencies in preparing budgets, including the review and preparation of the annual Executive Budget and administration of the budget control system. The division conducts ongoing analyses of agency programs including proposed state and federal legislation; provides assistance and coordination in matters relating to executive branch agencies; and administers the state and local review system for federal funding. The division also provides technical and management assistance to the Governor's office and state departments on matters of administration and procedures.

To maintain an uninterrupted ability to build and implement a constitutionally balanced budget, the Division of Budget and Planning requests a new position to support and cross train with the Assistant Director for Budget. Additionally, to free up budget function capacity for the Assistant Budget Director, this position will assume some administrative duties as well as supervise and cross train with the State Economist. For the same reason, this position will assume supervision of several other team members as well. This cross-trained position will allow remaining Budget and Planning team members to quickly and effectively pivot in the event of key participant unavailability in order to meet constitutional and statutory mandates. Additionally, this emergency response plan will allow the Executive Branch to continue to provide timely and accurate data to, and collaborate with, the General Assembly.

## Division of Budget and Planning **Census Preparation and Support** Section 5.020

Page 123

Section 37.130 RSMo provides that the demographic unit in the Office of Administration "shall provide requested assistance in all reapportionment matter". The United States census occurs April 1, 2020. Missouri needs to prepare census, geographic, ad election databases for reapportionment efforts following the census. This core provides temporary staff and resources to support reapportionment activities including software and equipment purchases, training, data compilations, setting up a redistricting office, creating and maintaining a website for public use, coordinating public meetings and travel, filing draft and final plans with the Secretary of State, making maps of new districts available to elected officials, and providing data and support in the event of legal challenges.

## IT Inter-Department Consolidated Core Section 5.025

Page 129

Per Executive Order 05-07, the management of State Information Technology resources was consolidated under the Office of Administration in FY06. Consolidation places IT resources under the direct control of the State's Chief Information Officer, who will assess the IT staffing and equipment requirements, which should result in a more coordinated use of IT resources. This section contains the operating funds for each of the division's sections including Infrastructure, Operations, and Administration. In addition, this section includes funding for information technology services provided to the 14 departments included in the consolidation.

The state currently has at least three cloud services in use. Amazon Web Services (AWS), Microsoft Azure, and Oracle. The state is moving or has plans to move or install more systems in the cloud. The state systems installed within each of these clouds will have interconnectivity requirements to share data with other systems whether in a cloud or on-premise.

Monitoring state applications and infrastructure to ensure performance, availability, proactive support, and issue resolution is a fundamental and critical duty of IT. As our use of the cloud applications grows investment in user management, support and monitoring tools are required. IT has managed to do just enough with basic and rudimentary tools that are built in to the technology. To effectively manage and support the multiple cloud infrastructures advanced tools that provide deep insights, diagnostics, and performance measures are needed to ensure availability and performance of the state's applications.

This initiative supports the State of Missouri implementation of Single Sign-On (SSO) and Identity Access Managment (IAM) for over 5 million Missouri citizens and 45 thousand internal employees. This is the secure access management key-stone for the State of Missouri's Digital Transformation Initiative and is required to facility efficient and ease-of use access to all State Agency internet systems. Enterprise single sign-on is required to facilitate both employee and citizen Access Management process security efficiency and productivity.

Additional operational staff along with monitoring and troubleshooting tools are required to ensure the state has the capability to adequately monitor applications and technology infrastructure, proactively identity problems, efficiently isolate and resolve technology issues quickly, and perform effective root-cause analysis to drive continuous improvement. This investment would allow ITSD to create a Command Center operation dedicated to support the State of Missouri Agencies and the Services they provide. As more applications are modernized, it is extremely important to validate performance before and after implementation. This is to help provide the best solutions possible for agency users and citizens.

The state network is vital to providing services to our citizens. Every agency is dependent on the network to be available at all times. The state network is a complex system incorporating Local Area Networks (LANs), Wide Area Networks (WANs), cybersecurity systems, state data center resources, and over 100,000 endpoints (endpoints include – PCs, Laptops, printers, servers, cameras, HVAC monitoring systems, etc). Security and monitoring of the network is extremely important to ensure it is available at all times. A large part of that security is keeping all components of the network on the latest operating systems and security patch levels. Currently staff are manually applying upgrades/patches on network components due to limitations with the current configuration tool. This takes up staff time and increases the possibility of unpatched devices being exploited.

One-time funding was approved in FY23 to complete this IT project. Funding is being requested again in FY24 as this project will likely take more than one year to complete. Funding would provide an IT solution to establish an automated Fast Track administrative system including a student facing component contained in the DHEWD Student Portal, as well as a component that provides information to postsecondary institutions and DHEWD staff which is necessary for administering the program. This requiest would allow the DHEWD and ITSD to complete the remaining components of that system. This would allow the system to be fully functional and provide the support necessary to adequately administer a grant that converts to a loan program.

Professional talent development programs are among the requirements for the Division of Personnel as outlined in 1 CSR 20-6.010. Additional funding is requested for continuation and expansion of statewide talent development programs that reduce costs and improve operational effectiveness by facilitating improved employee skill sets, data collection, and decision making across the statewide enterprise.

This authority is needed to allow for recurring maintenance and various ITSD projects for the Missouri Department of Agriculture Weights and Measures Division to utilize funding from the Petroleum Inspection Fund (0662). The LIMS system utilized by the Fuel Quality Lab and Petroleum Inspection Program will cost approximately \$62,000 per year in maintenance. The WINWAM system utilized by the Fuel Device Safety and Accuracy Program costs approximately \$35,000 per year in maintenance/training costs. Any remaining authority will allow for the replacement of PC's and other technological equipment in the Weights and Measures Division, using the Petroleum Inspection Fund (0662).

One-time funding was approved in FY23 to complete this IT project. Funding is being requested again in FY24 as this project will likely take more than one year to complete. The state's Crime Victims' Compensation Program (CVC) serves victims and families experiencing life-altering, traumatic situations by providing financial assistance as a payor of last resort. Payments may include payment of bills for medical, behavioral health, funeral costs, lost wages and loss of support up to \$25,000/crime. DPS-OVC is seeking to procure a system that will allow for the digital submission of applications and digital correspondence with victims of violent crimes and related service providers. This solution will allow for a quicker response from DPS-OVC to victims, families and service providers. Currently, DPS-OVC receives applications for CVC/SAFE/CPAFE in paper format with substantial supporting documentation.

Analytical data from the prior three years indicates DOC ITSD operational spending exceeds the appropriation authority. Cost increases in services, hardware and software has made it difficult for DOC ITSD to continue operating at the same level. These increased costs have been covered by the utilization of flexibility within ITSD's budget and from funds collected under the offender telephone services contract. Flexibility is not a sustainable solution as it decreases the funds available in OA ITSD's core budget to cover other rising costs. The funds collected from the offender telephone service contract can no longer be used as this is not going to be a requirement of the telephone service contract going forward. Daily operational costs for state data center services and network connectivity in the institutions continues to grow and additional funding is needed in the DOC appropriation to support it.

Additional funding is necessary to replace SAM II, the State's legacy Enterprise Resource Planning (ERP) system that was implemented in 2000, with the Missouri Vital Enterprise Resource System (MOVERS). The system is critical and supportive to all segments of State government. All payments from the State Treasury touch SAMII. SAM II is a critical enterprise-wide system for bonds, vendors, payroll and payment controls. The ERP software, implementation services, and independent validation and verification oversight contracts have all been awarded, and the implementation design and configuration for this project began in September, 2022. Additional funding is needed in FY24 as it is estimated to be the peak cost year for the project. The contracted costs for the software, implementation services, project management, and independent validation and verification oversight are expected to be \$42,229,640 in FY24.

TOTAL - SAM II REPLACEMENT	\$23,800,000	0.00	\$0	0.00	\$26,000,000	0.00	\$42,229,640	0.00	\$42,229,640	0.00	\$42,229,640	0.00	
TOTAL - SAM II NEI LAGEMENT	<b>*</b> 20,000,000												

## **ERP Cost Allocation Transfer** Section 5.050

Page 405

This appropriated transfer section includes non-counts Other authority to allow costs to be allocated to Other funds in support of the new Enterprise Resource Planning (ERP) system. This will allow Other funds to pay their proportionate share of costs in order to reimburse General Revenue.

Legal Base:

Funding Source: Various other funds

## **Division of Personnel Operating** Section 5.055

Page 415

The Division of Personnel and the Personnel Advisory Board provide central personnel management programs and services to all executive branch departments in compliance with state personnel law and the principles of sound personnel management. Responsibilities include operation of the Missouri Merit System, Uniform Classification Pay System, position classification and compensation management, supervisory and management training, coordination of relations with employee unions, and providing personnel management expertise and other services to assist agencies.

Professional talent development programs are among the requirements for the Division of Personnel as outlined in 1 CSR 20-6.010. Additional funding is requested for continuation and expansion of statewide talent development programs that reduce costs and improve operational effectiveness by facilitating improved employee skill sets, data collection, and decision making across the statewide enterprise.

In FY23, the Governor and General Assembly supported funding to provide full-time operational excellence leaders in each department. These investments ensured all departments to be on a level playing field with at least one FTE devoted to OpEx efforts. For FY24, investments are requested at the state level to solidify and sustain a 'Center of Operational Excellence' within the Office of Administration to support state agencies and state level operational excellence efforts.

The director of the Division of Personnel has a statutory obligation under section 36.040, RSMo to assist state agencies with services "for maintaining and increasing the effectiveness of personnel administration". Additional funding is needed to expand current recruitment techniques such as job fair recruiting and marketing campaigns, as well as to implement new recruitment techniques. New ideas include participation in podcasts and targeted digital advertising in the Kansas City and St. Louis metro areas, and pursing new partnerships with organizations such as Careers in Government to feed state job vacancies to their digital platform. This item also includes funding for an employee referral program.

# Division of Purchasing and Materials Management **Operating** Section 5.070

# Page 476

The Division of Purchasing and Materials Management is responsible for the procurement of all state supplies, services and equipment except those exempt by law. It supervises the distribution and transfer of the state surplus property program as provided by the federal law and regulations. It operates cooperative procurement programs for political subdivisions of the state.

The Division of Purchasing is requesting five FTE (three Procurement Specialists and two Procurement Analysts) needed to address the increased complexity and growing procurement workload in a more timely manner to better serve agency procurement needs. Additional purchasing staff are being added to improve turnaround times for awarding contracts which will prevent delays for state agencies who are often struggling to move procurements quickly.

FMDC is contractually obligated to maintain clean, safe and secure facilities and to ensure they are adequately served by all necessary utilities as stated in RSMo Section 8.110. FMDC is requesting additional authority in order to have the necessary funding available to cover all essential service's costs of operations in state-owned, leased and institutional facilities.

One of the ARPA projects included in House Bill 3020 in FY23, was for the design and construction of a multi-agency laboratory campus. FMDC is requesting additional authority in order to cover all of the operating costs of this new laboratory campus. FMDC anticipates the need for 9 FTE, but at this time, is only asking for 3 FTE during construction. FMDC anticipates a one time start-up cost of \$230,309 for supplies, system furniture and equipment.

This funding will be used for a dedicated FMDC in-house team to administer construction projects throughout the state. The Specialized Trades Manager will provide dedicated service to each project through tracking, scheduling, coordination, procuring materials, etc. The Specialized Trades Workers will perform the construction work as requested. The Administrative Support Assistant will support the

team by coordinating travel, completing reimbursement requests, project reports and tracking the expenses related to each project.

This in-house crew will be capable of completing more tasks than the current FMDC staff. The work performed will replace certain project from being awarded to contractor, which will save the state money by building/constructing with the in-house work staff.

## Asset Management - Pandemic Stipend **Division of Facilities Management Building Modifications** Section 5.095

## Page 552

This section represents revolving fund authority that allows the Division of Facilities Management, Design and Construction to make up-front payments for expenses associated with facility management, purchases of materials for facility modifications and tenant services that support agency programs. The division then bills agencies for such costs via the interagency billing process.

Legal Base: Section 8.110 RSMo

Funding Source: State Facilities Maintenance and Operating Fund

## **Division of General Services Operating** Section 5.100

Page 557

The Division of General Services provides the Office of Administration and all state agencies with a variety of central government functions. State Printing offers reproduction services including design, printing, finishing, and quick copy services. Mail Services advises agencies on mailing practices, provides mailing services to the Office of Administration and conducts interagency delivery of mail within the Jefferson City area. Risk Management administers the Legal Expense Fund and the workers' compensation program for state employees, purchases insurance when appropriate, and monitors policies and claims. This section also coordinates the Statewide Safety Steering Committee and advises state agencies on risk management issues. Vehicle Maintenance operates a centralized maintenance facility to provide mechanical repairs and body shop services for state vehicles based in the Mid-Missouri area. Fleet Management establishes statewide policies governing state vehicle operations and management; coordinates a centralized fleet information system and serves as a resource for fleet management issues.

Legal Base: Section 34.170 (State Printing), 37.120 (Mail Services) 105.711, 105.810, Chapter 287, 537.600 (Risk Management), 37.450 (Fleet Management) RSMo

# Surplus Property Recycling Proceeds and Transfer Section 5.120 & 5.125

Page 633

This appropriation facilitates the transfer of excess funds from the recycling program to the Department of Social Services (DSS) to be used by DSS for the heating assistance program. Proceeds from the sale of recycled materials may be used to offset costs of the recycling program, and any moneys in excess of costs incurred are transferred to DSS.

### Office of Child Advocate Section 5.165

Page 686

The Office of the Child Advocate promotes the child protection system to ensure that children are secure and free from abuse and neglect. OCA does so primarily by providing independent oversight over persons, organizations, and agencies responsible for providing services to or caring for, children who are victims of abuse and neglect.

## Children's Trust Fund Section 5.170

Page 698

The Children's Trust Fund awards community based grants and conducts public education campaigns to prevent child abuse in Missouri. Funded grants to local governmental agencies, hospitals, schools, Not-for-Profit and faith-based organizations support such projects as mentoring for teen parents, grandparent support projects, fatherhood initiatives, home visitation, parent education and parental nurturing. Projects that result in positive outcomes for families are promoted to other communities for replication.

**Legal Base:** Sections 210.170 – 210.173 RSMo

Funding Source: Children's Trust Fund

FY 2023 Withholding: \$0 **Budget Unit: 31315C** 

## **CORE ADJUSTMENTS:**

**DEPARTMENT:** 

Core reallocation in:

\$100,000 reallocation in from CTF Program better reflect planned spending for various contracts that support CTF administration

Core reallocation in:

\$58,025 reallocate ARPA staff from CTF Programs to CTF Operations

CTF has been awarded \$4,571,448 in Community based child abuse prevention funds from the American Rescue Plan Act. These funds have a five year project period from October 1, 2020 to December 30, 2025. The CTF Board is primarily directing these funds towards evidence-based home visiting, including a statewide Pay for Outcomes (PFO) home visiting program. This is an innovative funding mechanism that incentivizes achieving outcomes, rather than typical funding mechanisms that pay the same amount of funding, regardless of whether or not outcomes are achieved. Because of the complexity of the PFO project, CTF will likely be unable to spend all of the authorized funding in FY23, and many expenses will be pushed into FY24. Additional authority is needed to ensure that the project can move forward as needed.

In FY23, the Children's' Trust Fund (CTF) received \$20M Budget Stabilization Funds for grants to help organizations promoting child abuse preventive services improve their facilities or infrastructure. CTF is concerned they will not be able to expend all funding in FY23, so CTF requests one-time funding for FY24 as well.

The organizations receiving a portion of these funds will be required to complete provisions established in their contracts by CTF. If CTF is not able to retain funding in FY24, they will not be able to adequately monitor organizations to ensure they are honoring the provisions set in their contracts.

# Missouri Public Entity Risk Management Program (MOPERM) Section 5.180

Page 745

This section provides for comprehensive liability protection and other insurance services to participating political subdivisions. Appropriation is used to pay for staff, expenses, and contract services required by the Missouri Public Entity Risk Management Fund. All funds expended through this appropriation will be fully reimbursed from MOPERM funds.

The Federal Government requires the state to enter into a Cash Management Improvement Act (CMIA) agreement annually as one of the requirements for accepting federal funds. Each spring, the State pays the US Treasury interest that accrues between the time federal funds are deposited in the State Treasury and the time those funds are paid to the recipients of the federally funded programs. The interest rate charged is published each December. The current best estimate is 5.65%. In FY 2007 when rates were 5.02% the State paid more than \$2.1 million. Since this payment is directly related to interest rates, it is possible this request will need to be increased in the future if rates continue to increase.

# Budget Reserve (Cash Flow) Loan Transfer Section 5.250

#### Page 856

This request provides the mechanism to transfer funds from the Budget Reserve Fund into general revenue or any other state fund for short-term loans pursuant to Section 27(a), Article IV, Constitution of Missouri. This appropriation also allows for transfers from various other funds into general revenue or any other state funds for short-term loans. Transfers from the Budget Reserve Fund are deemed "cash operating transfers." An amount equal to the cash operating transfer received by such fund, together with the interest that would have been earned on such amount, must be transferred back to the Budget Reserve Fund or other fund prior to May sixteenth of the fiscal year in which the transfer was made. No cash operating transfers out of the Budget Reserve Fund may be made after May 15 of any fiscal year.

Transfers from other state funds into general revenue or other state fund shall only be transferred from May 15 to June 30 in any fiscal year, and an amount equal to the cash operating transfer received by such fund, together with the interest that would have been earned on such amount, must be transferred back to the other fund prior to June 30 of the fiscal year in which the transfer was made.

Legal Base: Article IV, Section 27 (a)

Funding Source: Budget Reserve Fund and various other funds

#### **Fund Corrections** Section 5.275

#### Page 881

This appropriated transfer mechanism allows the Division of Accounting to correct prior fiscal year revenue transactions that were erroneously deposited into the incorrect fund. After a fiscal year has ended, revenue "correction" documents cannot be processed. This appropriated transfer is requested specifically to allow the transfer from the fund that erroneously received the deposit in a prior fiscal year to the correct fund in the current fiscal year.

#### **Central Services Cost Allocation** Section 5.280

Page 886

An accepted accounting practice, allocations recover costs for services provided to other entities. For instance, the federal government allows the State of Missouri to recover overhead costs for federal programs through a Statewide Cost Allocation Plan (SWCAP). Using standard accepted accounting methods, the Central Services Cost Allocation Plan (CSCAP) recovers the costs of providing services to various state funds including those provided by the Office of Administration, the Department of Revenue, the Governor's Office, the Lieutenant Governor's Office, the Secretary of State's Office, the State Auditor's Office, the Attorney General's Office, the General Assembly, and the Capitol Police. To determine a fund's participation eligibility, the Office of Administration systematically analyzes relevant constitutional provisions, statutory language, fund revenue sources, and other appropriate considerations.

#### Refund Flood Control and National Forest Reserve Section 5.290 & 5.295

Page 910 & 915

Flood Control Program: The Department of Defense/US Army Corps of Engineers disburses 75% of funds received from lands acquired for Flood Control, Navigation, and Allied Purposes to compensate local taxing units for the loss of taxes from federally acquired lands. Counties receiving the funds expend the money for the benefit of public schools and public roads in the county.

National Forest Reserve Program: This program distributes funding to counties in which National Forests are located. Revenue is received by the federal government for mineral leases, rentals, concessions, and timber from National Forest lands. A quarter of the revenue is returned to the states. The Office of Administration acts as a 'pass-through' agent, distributing the revenue to the counties according to a schedule provided by the U.S. Departments of Agriculture and Interior. Counties receiving the funds expend the money for the benefit of public schools and public roads in the county.

Legal Base: Federal Flood Control Act 33 USC 701c3; Sections 12.080, 12.090, 12.100 RSMo, CFDA #12.112 Schools and Roads - Grants to States: secure Rural Schools and Community Self Determination Act of 2000, Division C, Section 601(a), 16. U.S.C. 7101-7153' 16 U.S.C. 500; CFDA #10.665; National Forest Acquired Lands: Minerals, Lands and Mining, 30 U.S.C. 191(a), 355(b); Conservation, 16 U.S.C. 499-500; CFDA #15.438

#### Prosecutions/Capital Cases to Counties Section 5.300

#### Page 923

Pursuant to Section 50.850, RSMo, the Office of Administration may reimburse counties, out of funds appropriated by the general assembly, for expenses related to the prosecution of crimes occurring within institutions under the supervision and management of the Department of Corrections. Reimbursements are not to exceed 50% of expenses, and the amount of reimbursement may be based on the number of cases referred, filed, or tried.

Pursuant to Section 50.853, RSMo, the Office of Administration may reimburse counties of the third and fourth class, out of funds appropriated by the general assembly, for expenses related to the trial of capital cases. The reimbursements are not to exceed 50% of actual expenses, and are "limited to counties which were, at the time of the trial, in a negative financial situation."

The reimbursement is \$250 per case.

#### Aid to Regional Planning Commissions Section 5.305

Page 930

Funds appropriated for grants to qualified Regional Planning Commissions are distributed in accordance with statutes. Section 251.034, RSMo states that "Payments made under Sections 251.032 to 251.038 to the various regional planning commissions shall be distributed on a matching basis of one-half state funds for one-half local funds. No local unit shall receive any payment without providing the matching funds required. The state funds so allocated shall not exceed the sum of sixty-five thousand dollars each for the East-West Gateway Coordinating Council and the Mid-America Regional Council. The remaining allocated state funds shall not exceed the sum of twenty-five thousand dollars for each of the following regional planning commissions..." (South Central Ozark, Ozark Foothills, Green Hills, Pioneer Trails, Bootheel, Harry S Truman, Mark Twain, Mo-Kan, Southeast Missouri, Boonslick, Northwest Missouri, Mid-Missouri, Kaysinger Basin, Lake of the Ozarks, Meramec, Northeast Missouri, and Southwest Missouri).
